Icelandic: Native
English: Fluent
Spanish: Fluent
Danish: Intermediate

I am a highly motivated Software Developer with invaluable experience in various information technology sectors. Driven by the desire to push my creative limits, I want to be part of an ambitious and forward-looking organization where I can be engaged in innovative projects. I am an enthusiastic problem solver with passion for technology and exceptional interpersonal skills. My dream is to grow as a developer working on a project that I genuinely believe in.

Experience

2017-07 -
2019-05
Full Stack Web Developer
Broadsheet Media, Melbourne, Australia
- Intensive frontend development with React Redux
- Consistently improved the backend build with Django
- Gained thorough experience with the Django REST framework
- Converted the whole SCSS to Styled Components, over 10.000 lines of code for more than 100 components
- Built a website on my own in Django for the commercial team

2016-07 -
2017-07
Python Django Developer
Smartvel, Madrid, Spain
- Got to know Django in depth by creating an app for filtering and sorting data extracted from the web
- Contributed to the development of their web scraping engine
- Developed tests and set up a unit test framework for the front-end written in Angular

2014-08 -
2015-06
Teaching Assistant
Reykjavik University, Iceland
- Teaching assistant for students in C++ programming and Data Structure
- Evaluated the student's exams in C++ programming and Data Structure
- Administered several groups of students who were working on their final project in Qt and evaluated their work

---

Education

2013-08 -
2015-06
BSc in Software Engineering
Reykjavik University, Iceland
- Graduated with the grade 9,1
- Reykjavik University Dean's list
  for exceptional academic achievement in the Department of Computer Science

2015-08 -
2016-05
Software Engineering
Universidad Carlos III, Madrid, Spain
- Finished the last year of my bachelor in Madrid as an exchange student
- Majority of the coursework was in Spanish

2012-08 -
2012-12
Mathematical Engineering Department
Viterbo University, Wisconsin, USA
- Invited to attend on a soccer scholarship

2008-08 -
2012-05
Matriculation in Natural Science
The Commercial College of Iceland, Reykjavik, Iceland
- Upper secondary school/Junior College in Iceland
